How To Install Your 10W, 20W, or 30W Solar Panel

Step 1:
Turn your solar panel face down & line the bracket along the center with the bracket's connector end positioned upward & hanging off the panel's edge.

Step 2:
Screw the bracket onto the solar panel using the 1/2" self-tapping tek screws, which are included with the bracket.

Step 3:
If you need additional wire, use wire nuts to tie the red ends together & the black ends together.

Step 4:
Attach the solar panel to the surface of your choice using the remaining self-tapping screws.
